

Inside Your MANZU Relationship Snapshot

A CONCISE PERSONALISED REPORT OF APPROXIMATELY 6–10 PAGES

A focused, personalised assessment designed to help you quickly understand what fulfilment means to you, what is working, where relationship leakage may exist, and what deserves your attention next.

Built using MANZU's proprietary Relationship Fulfilment Intelligence™ methodology.

What your MANZU Snapshot includes:

-  A personalised executive reflection
Your key themes at a glance.
-  An 8-domain Snapshot Dashboard
Focused clarity across the highest-impact relationship domains.
-  What is working — and where leakage is occurring
See the strongest positive signals and the patterns worth noticing.
-  The one pattern not to ignore
Identify the most decision-relevant issue.
-  A protective boundary and decision direction
Clearer perspective on what to observe, protect or reconsider.
-  Your next 30 days
Practical next steps you can actually use.
